1. Monday, Tuesday, Wednesday BREAKFAST
2. Monday LUNCH
3. Lodging-See below on costs including lodging

See below:

LODGING / TRANSPORTATION

To get the full bonding experience and enjoy a true taste of Gatlinburg, you and your team may want to reserve a cabin for the 2 or 3 nights. Rocky Top Sports will provide a list of discounted hotel and/or cabin rentals. Cabin rentals differ in cost range depending on how many rooms you need. If you are bringing a JV and Varsity team, you may want to reserve a larger cabin for the entire team. There may be a business in your area which can support your resort team camp experience by sponsoring your lodging cost.

Teams may ask a business to sponsor their lodging cost. Staying together in a retreat type situation is a great way to shake the nerves from newer teammates, make new friendships within the team, and make fun lasting memories. Teams could share responsibility in making the team breakfast. Players can perform team building activities in the cabin after camp. Each team will be given a team building bag containing activities designed to bond your players. If teams can't find a business which will sponsor their trip the players can divide the additional cost building that into their total fee. The coach or parent rep should collect that separately to cover lodging. Many cabins are within a very short distance from the training facility. Rocky Top will be providing a full list of participating cabin and hotel rentals for this event.

Rocky Top offers shuttle service to and from location to lodging. Please call / ask about pick up and drop off locations.

Coaches may want to drive their own vehicle, 15 passenger van, bus, or have parents assist in transportation. If the school has a bus drop the team off for the camp, please ask about transportation so we can assure your experience is stress free.

Local Teams

Teams may choose to commute to our team camp from their own homes.
